brow + lash

One of the biggest benefits is having great brows, all the time! Unlike pencils, pomades and powders, your tattooed brows won't fade or smudge throughout the day. A quick brush through with brow mascara and you'll be ready to face the day, reducing your morning beauty routine.

POWDER TOUCH BROWS \$699

Eyebrow tattoo technique that creates a soft shaded brow pencil look

OMBRE BROWS \$699

Same technique as the powder brows but lighter at the front to create a softer look

FEATHER TOUCH BROWS \$550

Hair like strokes to for a very natural look

COMBINATION BROWS \$699

Use multiple techniques to create the best shape using your current brows

treatments

SKIN CONSULTATION \$50

Your consultation includes an in-depth discussion about your skin, where we learn about your goals and skin history. From here, you will learn about the right mix of products and treatment options to help you achieve your best look ever.

RF MICRO NEEDLING \$350

This treatment effectively rebuilds and revitalizes the skin. Controlled RF energy delivers heat into deeper layer of the skin to firm up tissue, remodel collagen, improve mild wrinkles, and diminish scars, all while leaving the outer layer of the skin intact.

MESOTHERAPY \$280

Minimally invasive procedure where a series of superfine injections of vitamins, minerals and amino acids cocktails are delivered into the mesodermal layer

STEM CELL REJUVENATION \$220

Stem cell is a cosmeceutical line with high concentrations of plant stem cells designed to reverse the slowdown in cell regeneration, strengthening the skin's tissue structure and improving skin quality and texture.

ENERGY C CORRECTIVE TREATMENT \$220

Exposure to the sun, smoking, strict diets and stress causes the skin to oxidate and lose luminosity. energy C is a cosmeceutical line with high concentrations of vitamin C designed to combat the first signs of chrono- and photoaging.

ENZYME THERAPY MASK \$180

A specially formulated tightening mask designed to work with your circulatory system creating reverse osmosis—a vital component of optimal skin health responsible for removing waste via lymphatics, and nourishing our cells and tissues via our blood supply

MICRODERMABRASION \$100

Non invasive exfoliation & mild skin resurfacing that removes the dead skin revealing incredibly glowing skin.

HYDRODERMABRASION \$150

Known as the celebrity facial. Removes dead cells from the skin to eliminate dark spots and hyperpigmentation. The technology uses water and oxygen to effortlessly exfoliate the skin.

SKIN NEEDLING \$250

Reduce scars caused by acne, fine lines and wrinkles, pigmentation and stimulate the elastin and collagen for clear, plump glowing skin.

DERMA PLANING \$200

Using surgical scalpel to gently scrape the dead skin cells along with peach fuzz.

PHYTO PEEL \$260

An intense exfoliation treatment working from the inside the skin releasing active ingredients that encourage the skin natural regeneration process.

B PEEL (BEAUTY PEEL) \$220

B Peel harnesses the power of herbs to treat all skin types without toxic side effects.

C PEEL (CORRECTIVE PEEL) \$450

Corrective and intensive treatment. New skin in 5 days.

COSMELAN DEPIGMENTING TREATMENT \$1,500

Cosmelan is a highly innovative system that gently targets and treats unwanted pigmentation on the face. The two-phase intensive treatment programme firstly involves the application of a highly potent de-pigmenting mask. This safe and non-invasive procedure treats the source of pigment formation to deliver a rapidly clearer, brighter and more clarified complexion without the use of lasers or foundations.

THERMAL VITAMIN C MASK \$120

This special heat treatment raises the temperature of the skin for rapid and effective absorption of active ingredients. Includes Microdermabrasion.
